The Super Smash Brothers Ultimate Team was honored by the school board Tuesday.

Jan. 13, 2022

Mooreville Schools

State Champs!

For the second time in its two-year history, the MHS E-Sports Team has a state championship!

The team is part of the Indiana High School E-Sports Network and competes in Division AA.

Super Smash Brothers Ultimate team members include captain Max Pipkin, Caleb Garrett, Wyatt Pfof, Joe Hasty, Stephen Johnson, Andrew Ramirez, and Nathan Garrett. The team is led by Coach Ethan Flater and Assistant Coach Sara Richmond.

Mooreville teams first semester included: Valorant, Rocket League, Tetris, Overwatch, and Super Smash Brothers. Teams will compete during a spring season as well.

Calendar Reminder

There will be no school Monday, January 17, in observance of the Martin Luther King, Jr. Holiday.

Winter Weather Reminders: Parents are advised to work out a "back-up plan" when school is delayed, an eLearning day is announced, or schools have to close early due to weather. Mooresville students will have eLearning days if school buildings must close. Online assignments will be posted with teacher and technology help available that morning. When it is necessary to close or delay school, a message will be sent via our Skylert system to all student households. Calls will be made prior to 6:00 a.m.

Coronavirus COVID-19 Protocols 2021-2022 Second Semester

Please Note: These protocols reflect current guidance from federal, state and local health officials. Should guidance change, school protocols will be updated to reflect current information. 1/5/22

The safety and well-being of our students and staff are of utmost importance. We appreciate everyone's help with the following:

- **Masks are highly recommended** in all situations.
- **Masks are required:**
 - on school buses for the duration of mask guidance for public transportation
 - during days 6-10 of return to school after isolation/quarantine (days 1-10 for fully vaccinated close contacts). Masks will be provided to those who do not have them.
- **Close contact and quarantine** guidance will be followed in accordance with [Indiana Code 16-41-2-1](#). No one will be asked about vaccination status except as part of a close contact situation.
- **Assigned seating and increased spacing** between students will remain in classrooms, cafeteria, and other settings
- **Increased cleaning and disinfection** remain in place. School air filtration systems meet or exceed all requirements for fresh air circulation.
- **Home test kits** will not qualify as an alternate diagnosis or for an early return to school of a symptomatic person. A PCR or rapid test or alternate physician diagnosis is needed to return to school if there are symptoms.
- **Extracurricular (EC) activities** will follow MCHD, IHSA and ISSMA guidance.

Best Practices

Proper hand washing

is the best way to limit the spread of germs. Students have many opportunities each day to wash hands and use sanitizer.

Monitoring student health

each day is crucial. Students with [signs of illness](#) (including but not limited to: fever, vomiting, diarrhea, cough, sore throat, and loss of taste or smell) should not come to school. Symptomatic students need a negative PCR or rapid test or alternate diagnosis to return to school.

Vaccinations

are recommended by the CDC for anyone [age 5 or older](#).

When in doubt,

stay home and contact school health services or the Morgan County Health Department (765-342-6621) for guidance.

Positive Case Isolation & Contact Tracing Quarantine Guidance

Positive Test - Isolation: Anyone who tests positive must stay home days 1-5 (date of symptoms or asymptomatic test is day "0") and may return to school days 6-10 if masked at all times and asymptomatic or symptoms resolved (fever-free for 24+ hours without use of medication and other symptoms improving).

Close Contact Quarantine - Fully Vaccinated: may remain in school as long as asymptomatic wearing a mask for 10 days (last day of contact is day "0"). Test day 5 if possible. If symptoms develop, must stay home and follow isolation guidance. May continue EC activities but must be masked while not actively performing/playing.

Close Contact Quarantine - Partially Vaccinated or Unvaccinated: must stay home days 1-5, test day 5 if possible, and may return to school days 6-10 if masked at all times and asymptomatic. If symptoms develop, must stay home and follow isolation guidance.

Fully vaccinated: those who have been vaccinated & boosted; had the second dose of Pfizer or Moderna vaccine 2 weeks-6 months ago; or had J&J vaccine 2 weeks-2 months ago. Also anyone with documented positive case of COVID-19 within the past 90 days.

Partially vaccinated: those who have not been boosted but who had second dose of the Pfizer or Moderna vaccine more than 6 months ago or had the J&J vaccine more than 2 months ago.

Unvaccinated: those who have not had any vaccine; have not had the second dose of the Pfizer or Moderna vaccine more than 2 weeks ago; or have not had the J&J vaccine more than 2 weeks ago.

Close Contact: anyone within 6' of a positive case for 15 minutes or more over the course of a day. There is a 48-hour "lookback" for close contacts prior to symptom onset/positive test.
