Enduring Tradition

MHS physics students took part in the long-standing tradition of cardboard boat races on Tuesday. This year's event held special meaning as the race was re-dedicated as the Hoffman-Graves Memorial Boat Race. Former teacher Dale Graves began the race with physics classes in the early 2000s. Physics teacher John Hoffman passed away earlier this month.

After six heats with a total of 32 boats, juniors Seth Waites and Seth Conner won the competition with the Curious George themed SS George.
